

WE FIGHT FOR MEANINGFUL LIVES...

UNITED WE WIN

LIVE UNITED®

When we learned about our daughters' intellectual disabilities, we greatly hoped they would develop into successful, thriving adults. We could not have imagined just how independent they would become! Thanks to United Way's support of Wabash Center, Erin & Jessica are seen for their abilities. They're both contributing members of society with employment and a social life that rivals many. They live a life full of purpose, advocate for themselves, and have a support network that makes us worry less about what tomorrow may bring.

Join the fight. Live United®.
