

# I FIGHT FOR EVERYONE'S VOICE TO BE HEARD...

**UNITED WE WIN**

**LIVE UNITED<sup>®</sup>**

Not too long ago, my life consisted of going to two places: work and church. I tried my hardest to be quiet and fit in. After joining the Arc of Tippecanoe County, I finally worked up the confidence to find my own voice. Now, I rarely ever sit at home. I spend my days meeting new people, hanging out with friends, and offering support to anybody who needs it. Everyone in this community deserves to feel included, and I'm grateful I found my place. By giving back to the community, you become a part of something bigger than yourself. Thanks to United Way's support of the Arc, my role in our community is much larger than I could have ever imagined.
